JOR Response to 01-271

To: J3

From: Craig Dedo

Date: August 20, 2001

Subject: JOR Response to 01-271

[70:10-11] Replace with, "The BIND attribute specifies that a variable or common block is interoperable with a C variable with external linkage (15.2.7) or that a procedure is interoperable with a C function with external linkage (12.5.2.7)."
