Edits refer to 03-007. Page and line numbers are displayed in the margin. Absent other instructions, a
page and line number or line number range implies all of the indicated text is to be replaced by associated
text, while a page and line number followed by + (-) indicates that associated text is to be inserted after
(before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.

[Editor: "or a variable in a module or" ⇒ ", a variable that it accesses by host or use association, or a   423:47-48
variable".]

[We don't want to finalize variables accessed by use or host association. Editor: insert "local" before   424:8,10
"variables" twice]
