

Subject: Issue 283
 From: Van Snyder

1 Introduction

Issue 283 says:

The glossary entry for characteristics did not get updated along with the normative definition. It wouldn't surprise me at all to find other glossary entries similarly out of date, but I happened to notice this one.

Edits refer to 01-007. Page and line numbers are displayed in the margin. Absent other instructions, a page and line number or line number range implies all of the indicated text is to be replaced by immediately following text, while a page and line number followed by + (-) indicates that immediately following text is to be inserted after (before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.
