2 Edits refer to 02-007r2. Page and line numbers are displayed in the margin. Absent other  
 3 instructions, a page and line number or line number range implies all of the indicated text is to  
 4 be replaced by associated text, while a page and line number followed by + (-) indicates that  
 5 associated text is to be inserted after (before) the indicated line. Remarks are noted in the  
 6 margin, or appear between [ and ] in the text.

9 [“Redefining” intrinsic assignment is all described (correctly) in the places where the cross 10 references at [260:12] instruct one to look. Editor: Delete “,” and “if ... parameters”.]	260:19-20
