2 Edits refer to 03-007. Page and line numbers are displayed in the margin. Absent other instructions, a
3 page and line number or line number range implies all of the indicated text is to be replaced by associated
4 text, while a page and line number followed by + (-) indicates that associated text is to be inserted after
5 (before) the indicated line. Remarks are noted in the margin, or appear between [and] in the text.

6 [We already have constraint C1210 that says an IMPORT statement can only appear in an interface 262:8
7 body. Editor: "Within an interface bodu, if" ⇒ "If".]
